## The Scenic Tyrol

### Departs 6 September 2010

## Late Availability & Special Offers

From time to time, in addition to the holidays featured in the colour brochure, you can choose from one of our 'Allocated on Arrival' special offers, enjoying discounted prices when there is late availability on certain departures.

'Allocated on Arrival' holidays are a popular way of enjoying savings. You make the booking on the basis that we will provide accommodation in a hotel – on a dinner, bed and breakfast basis – within your chosen category once you arrive on holiday. We guarantee a certain standard in return for your flexibility, and of course you are still able to enjoy all the amenities of our selected resort, will be looked after by our representatives and be able to join in the programme of optional excursions that is arranged throughout the holiday. Accommodation allocated to you will be in hotels/resorts which may not necessarily be one of those featured in our brochure...
